NICK'S KITCHEN AND BEACH BAR

Did You Know?

More than 60 years ago, we started as a coffee shop called The Chart Room. After years of serving coffee, customers requested that we serve fresh seafood. In 1986, we decided to change our name to Casey's and began taking advantage of all that the Gulf Coast has to offer. We made a vow to all who dined with us that we would serve the best seafood with the freshest ingredients, and we’ve kept that promise. In 2013, we changed our name to Nick’s to reflect our owner and chef, Nick Gaido. We’re excited to offer our fresh new take on old favorites.

CAUTION: There may be small bones in some fish. Maraschino cherries and nearly all wines contain sulfating agents to protect flavor and color. Certain individuals may be allergic to specific types of food ingredients used in food items (i.e. MSG). We are not responsible for an individual's allergic reaction to our food or to ingredients used in food items. Please alert your server to food allergies prior to ordering. There is a risk associated with consuming raw oysters or any raw animal protein. If you have chronic illness of the liver, stomach, or blood or have immune disorders, you are at a greater risk of illness from raw oysters and should eat oysters fully cooked. If you are unsure of your risk, consult your physician.
